## NOTICE.

---

### THE STATE OF NEW HAMPSHIRE.

[L. S.]

*To the inhabitants of the town of Weare, in the county of Hillsborough, in said state, qualified to vote in town affairs:*

You are hereby notified to meet at the town house in said town on Tuesday, the eleventh day of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1st. To choose all necessary Town Officers for the year ensuing.

2d. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3d. To see how much money the town will raise to repair highways.

4th. To see how much money the town will raise to repair bridges and rail dangerous places along the highways.

5th. To see if the town will raise and appropriate the amount of money necessary to secure state aid for the permanent improvement of highways.

6th. To see if the town will appropriate fifty dollars for the observance of Memorial Day.

7th. To make provisions for the collection of taxes.

8th. To see what action the town will take in regard to buying oxen to use in repairing highways.

9th. To see what action the town will take in regard to accepting a sum of money of W. S. Bailey, the interest to be expended on his cemetery at South Weare.

10th. To transact all other business that may properly come before the meeting and raise any required sums of money for that purpose.

Given under our hands and seal this 24th day of February, 1913.

F. L. EASTMAN.  
FORREST DEARBORN.  
EDWIN M. SMITH.

A true copy of warrant—attest:

F. L. EASTMAN.  
FORREST DEARBORN.  
EDWIN M. SMITH.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS.

---

We respectfully submit this our first annual report to the school board and citizens of the town of Weare.

This report will cover only that part of the school year which has come under our immediate supervision. During that time we have tried to build upon the schools as we found them and gradually bring them into harmony with the work being done in other towns of this state. We found the schools of Weare in good buildings with a goodly supply of text-books and generally under competent teachers. During our experience we have found no town, never a part of a supervisory district, where conditions were so satisfactory as those we found in Weare.

In general our efforts have been directed to the improvement of the text-books or their adjustment to meet the needs of the pupil, and the grading or classification of the pupils using the state program of studies as a basis or measure for the work. We have endeavored to aid the teachers by advising them in method and school management. Records have been started in the schools that the organization may be more permanent and the least possible injury caused by a change of teachers.

We found the pupils somewhat uneven in grading. Many of them were below grade in arithmetic. We are emphasizing now the subjects of arithmetic, reading, writing and spelling. We hope to secure satisfactory results in these essentials before making a special effort to improve the work in those subjects which are more cultural in character. Through the efforts of the teachers and the coöperation of the school board we have been able to accomplish during the short period given us much toward laying a foundation for successful school work.

The school year opened with ten one-room rural schools

and one two-room school at East Weare in session. The Rockland school was closed at the end of the fall term because there were too few pupils to make the work profitable. Approximately 180 pupils have been generally regular in attendance. Of these 95 are girls and 85 boys. There are a few retarded pupils. The younger of these we hope to arouse to do better work or give them such training which will be of most value in life.

It seems rational in school work to study conditions and then plan carefully for progress. We believe we are partially aware of the condition to be found in the school of Weare. Hoping for your coöperation we plan for the future.

The school buildings are now satisfactory. The ventilation and lighting can be improved in a few instances. The equipment of one of these buildings next year with a modern ventilating stove to demonstrate their efficiency would no doubt be practicable. The out-buildings in at least two of the schools need improvements. We would like to make a beginning in manual training in the form of bench work for the boys in one school where the need seems greatest, and sewing for the girls where it may be possible to start the work. We should retain all our successful teachers, if possible, and promote earnest growing teachers as they become fitted for larger schools. Some additions and improvements should be made in our text-books and at least a beginning made in a school library in each school. These libraries should contain a few good reference books and books which children should read to give them a desire for good literature. The school year should be at least thirty-two weeks in length in the larger schools and even longer if we would properly prepare for high school in eight years.

The program for work seems rather long, but we believe that most of it can be accomplished, if we can have the support of those interested in good schools. The increase in appropriation would not be great. Five hundred dollars

would make a substantial beginning with what you now raise. With careful planning it may be able to make it still less than that.

We take this opportunity to thank the people of Weare for their support thus far in the work, and hope for continued coöperation that we may make the schools of Weare efficient and social centers about which community interests may be gathered.

E. J. BEST,  
*Superintendent.*

## REPORT OF TREASURER OF SCHOOL DISTRICT.

### SCHOOL MONEY.

On hand February 15, 1912,	\$144.09	
Received of New Boston for tuition,	99.44	
Received of E. T. Breed, property sold,	1.60
